LARGE INCREASE IN BEET SUGAR

VALUE OF YEAR'S CROP IN SOUTHERN CALIFORNIA IS ESTIMATED AT \$5,000,000.

LOS ANGELES, July 18.—The manufacture of Southern California's annual output of beet sugar began this week. It is estimated that the total production this year will amount to 93,000,000 pounds, as against 67,000,000 pounds last season. The American Sugar Factory commenced work at Oxnard last Monday and will continue for five months. Its output for the season is placed at 68,000,000 pounds. The plants at Chino and Los Alamitos will begin operations August 1st, and are expected to turn out approximately 15,000,000 and 10,000,000 pounds, respectively. They will be in operation for four months.

The number of persons employed in the industry at the various plants is 12,000. Practically all of the product is used west of the Missouri river. The total cash value of this year's crop is estimated at \$5,000,000. The reason for increased output is the enlarged acreage of beets and improved methods

of refining, which make the industry more profitable.

JONES IS NOT GOING TO FRISCO

ATTORNEY FOR GEORGE JONES MISTAKEN WHEN HE INFORMED COURT BROTHER WAS COMING.

The statement made by the attorney for George W. C. Jones in his preliminary hearing for murder at Redwood City to the effect that he wished the trial postponed to await the arrival of a brother from Honolulu was a mistake as there is no brother going up from here.

George Jones has a brother Charles in San Francisco however and he called on his brother now awaiting trial. He has written to his brother Johnny here and stated that he does not believe that George is guilty. George has also written to Johnny.

Mr. Jones stated this morning that he did not believe that his brother was guilty of the crime. He has followed the case closely as it appeared in the papers and he says that there is no motive shown why George should kill the woman. He agrees with his other brothers in thinking that the woman's husband did the deed and threw the suspicion onto George.

HUNTINGTON STIRS THE DOGS OF WAR

BUYS OLD CHINESE JUNK AS BEACH ATTRACTION, BUT A CHINESE CRUISER INTERVENES

LOS ANGELES, July 12.—H. B. Huntington may figure in an international episode with the Dowager Empress of China. Mr. Huntington contracted for the war junk Hoang Ho. This junk has been for years the terror of the pirates of the seven seas, and was to have been anchored off Long Beach this month as an attraction.

Hundreds of pirates have been executed on her decks and their heads exhibited to the Taotai of Peking. It is said that when the crop of pirates ran short, inoffensive fishermen were captured and beheaded, for the Hoang Ho has a record of never returning to port without trophies.

Huntington, when he secured the junk, did not anticipate state complications, but when the vessel was about to sail the Imperial Government offered objections. Huntington was not ready to declare war on China, and so the contractor who had agreed to deliver the junk at Long Beach made a quiet departure and reached a Japanese port. Here he was overhauled by a Chinese cruiser and the junk is held under the cruiser's guns. The matter is now in the hands of diplomats.

TAKING PICTURES ABOUT HONOLULU

ROBERT K. BONINE IS OBTAINING SOME SPLENDID PICTURES IN AND AROUND THIS CITY.

Robert K. Bonine the Edison moving picture man is one of the hardest working men in town. He is on the go continually and he never stops according to Secretary Wood of the Promotion Committee. He is here, there, and everywhere taking pictures of Honolulu as they were never taken before.

Yesterday Mr. Bonine took three different sets of moving pictures of the water front. All of them were taken from the harbor from one of Young Brothers launches. Both of the big steamers that were in yesterday are in the pictures and that makes them all the more of value. Mr. Bonine also secured several pictures for lantern slides of different residences about town and different natural scenes.

This morning Mr. Bonine took a moving picture of the Manchuria leaving for the states. He obtained an exceptionally fine location and was able to get a good set of pictures. He afterwards took a number of views from the roof of the Young hotel of the different scenes about town.

This afternoon Mr. Bonine is to go out into the country and get some pictures of Chinamen work in the rice fields. He will be accompanied by Rev. W. D. Westervelt.
